WHAT WE DO...

Solar System Installation

Design and installation of residential and commercial solar power systems.

Lithium Battery Sales (Dawnice)

Supply of genuine Dawnice lithium battery energy storage systems.

Nationwide Battery Distribution

Wholesale and retail distribution of lithium batteries across Nigeria.

Solar System Maintenance

Routine inspection and servicing for optimal solar system performance.

Solar Panel Cleaning

Professional cleaning to maximize panel efficiency and lifespan.

System Upgrades & Expansion

Battery capacity upgrades and solar system expansion solutions.

Energy Audits & Load Assessment

Detailed power consumption analysis and solar feasibility studies.

Inverter Supply & Installation

Provision and installation of quality inverters for solar systems.

Hybrid & Off-Grid Solutions

Customized off-grid and hybrid solar energy system setups.

Technical Support & After-Sales Service

Ongoing technical assistance and product performance support.

WHY CHOOSE KRISCASA SOLAR?

We are the exclusive Nigerian distributor of Dawnice lithium batteries, supplying genuine, manufacturer-backed energy storage systems nationwide with reliable availability and competitive market pricing.

Our expert team delivers complete solar solutions – installation, maintenance, and technical support – ensuring reliable and long-term performance for residential, commercial, and industrial clients nationwide.
